

Małgorzata Czernicka, PhD

University of Agriculture in Krakow

Faculty of Biotechnology and Horticulture

Address: Department of Plant Biology and Biotechnology, Al. 29 Listopada 54, 31-425 Krakow, room 107
Phone: 0048126625367

Email: Malgorzata.Czernicka@urk.edu.pl

Consultation hours: -

Research interest:

- advanced bioinformatic analyzes in the field of transcriptomics (NGS data), genomics and phylogenetics, methods of DNA, RNA protein analysis,
- multilevel research of plant respond to abiotic stresses,
- plant breeding methods, obtaining interspecific hybrids

Research experience:

Visiting Scholar:

- Leibniz Institute of Plant Genetics and Crop Plant Research (IPK), Gatersleben, Bioinformatics and Information Technology Group, postdoctoral DAAD fellowship „Modern Applications of Biotechnology” (1 year),
- Centre de Recherche Public – Gabriel Lippmann, Luxemburg, Scholar: “Plant Low Temperature Stress: Principles, Concepts and Practical Approaches” (2 weeks)
- Vienna Graduate School of Population Genetics, Scholar of European Science Foundation (ESF) (2 weeks)
- Clause Tzier, GNIS-French Association for Seeds and Seedlings, Pépinières Demol, France(2 weeks)
- Internship in Life Science company – Selvita S.A. in Department of Bioinformatics and Cheminformatics under the „Knowledge, practice, cooperation – the key to success in business” run by the Malopolska Regional Development Agency (6 months)
- Adam Mickiewicz University in Poznań, Faculty of Biology, Department of Integrative Genomics (1 month) and Department of Gene Expression (2 weeks)

DSc, (Habilitation)

PhD, 2008, Speciality in Genetics and Plant Biotechnology

Dissertation title: Characteristics of interspecific *Rhododendron* hybrids by using molecular markers and cytological methods

Professional profiles:

ORCID: <http://orcid.org/0000-0001-5768-5758>

Research Gate: https://www.researchgate.net/profile/Matgorzata_Czernicka
